

Lab 8: Timer

Instructor: Sung-Yeul Park

TA: S M Rakiul Islam

ECE 3411

Department of Electrical and Computer Engineering
University of Connecticut

February 12th, 2018

Connections

- Connect the board as in Fig.1.
- You need to rewire switch to **PD3 to use interrupt** based on the interrupt pin
- You need to use LCD, UART, Push button and LEDs for today's experiment.
